

Request for Re-purposed Computers for Schools

Program Description: The State of Indiana makes “surplus” computer hardware available to educational entities under IC 5-22-21-7.5. The Corporation for Educational Technology (CET) serves as a facilitator between the Department of Administration’s Indiana State Surplus organization and educational entities. Completion of this application in its entirety will place applicants in a pool to receive surplus equipment as supplies become available. While orders will generally be filled on a first-come, first served basis, CET reserves the right to fill emergency requests, or to apportion orders for substantial quantities across the entirety of the wait list of applicants. Neither the CET nor Indiana State Surplus warrants the usability of the surplus equipment. Schools are responsible for pick-up and all transportation costs of the hardware.

Note: Computers are shipped without operating system or applications software. Schools are required to provide the necessary software to make the computers functional for educational use. CET partners with another not-for-profit organization, Net Literacy (www.netliteracy.org), to help facilitate school’s repurposing of computers. Schools seeking to receive XP licenses for donated computers at a cost of \$5.00 per license can contact Net Literacy at donkent@netliteracy.org. Net Literacy also provides schools other resources and programs, including slipstream CDs, service based learning projects, and Internet safety training materials.

Mail Completed Forms to:
Corporation for Educational Technology
11340 Glentrace Drive, Suite 505
Indianapolis, IN 46236

Questions about the program or about the status of pending orders may be directed to
mbailey@indianacet.org.

Certification Requirements: *Educational entities must certify their eligibility and must certify that they will comply with all environmental laws with respect to waste disposal once computers are no longer operable or required for school use:*

We are a school corporation as defined in IC 36-1-2-17 or a nonpublic school as defined in IC 20-10.1-1-3 before July 1, 2005, or IC 20-18-2-12.

We accept full ownership and responsibility for all computer equipment donated by Indiana State Surplus. The equipment will be used for educational purposes only and will not be sold or donated to anyone. Further, if the equipment becomes unserviceable or damaged beyond repair and or is no longer required by this school, we will ensure it is disposed of in accordance with all local, state, and federal electronics waste (E-waste) laws. No hazardous material contained in the desktop/laptop computers and monitors will be placed in landfills, either in the United States or overseas. All such equipment containing hazardous material will be sent to an authorized E-waste recycle company for proper disposal.

(Printed name, signature, and title of school authority)
